

REMARKS***Claim Objections***

Claim 1 is objected to because it is unclear what is meant by the phrase "for spacing a level."

Applicant has deleted the phrase "for spacing a level to the shielding cage" and the word "therethrough" from the claim. It is believed that the objection to claim 1 is now overcome.

Claim Rejections under Double Patenting

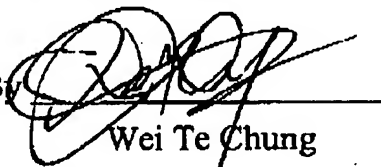

In aggregate, claims 1-22 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-13 of U.S. Pat. No. 6,731,519.

In response to these rejections, applicant submits herewith a duly signed Terminal Disclaimer by which the rejections should be overcome.

In view of the foregoing, the subject application as claimed in the pending claims is believed to be in a condition for allowance, and an action to such effect is earnestly solicited.

Respectfully submitted,

Jenq-Yih Hwang
